

Hot Air. For fast, even cooking every time

The Hot Air fan circulates the temperature evenly, creating the ideal conditions for baking. As a result, you achieve perfect results whatever you're making.

Product Benefits & Features

Multilevel Cooking. Cook more at the same time
With Multilevel Cooking, the additional heating ring ensures your dishes are perfectly cooked even when loaded with two trays at the same time.

Expect spotless with a self-cleaning oven
The Catalytic Cleaning feature prevents dirt and grease from building up in the oven. This self-cleaning technology automatically activates when the temperature reaches 250C and removes cooking residue. No scrubbing, just a spotless oven.

Timed cooking results

To assure that you dishes are not overcooked, this cooker has an integrated timer with a minute minder function to alert you when your dishes are ready
