

Hot Air. For fast, even cooking every time

The Hot Air fan circulates the temperature evenly, creating the ideal conditions for baking. As a result, you achieve perfect results whatever you're making.

Product Benefits & Features

Multilevel Cooking. Cook more at the same time
With Multilevel Cooking, the additional heating ring ensures your dishes are perfectly cooked even when loaded with two trays at the same time.

The Radiant Hob. Fast and efficient
The Radiant Hob is fast and easy-to-clean with ceramic zones that heat quickly and accurately for fuss-free cooking.

XXL Capacity. More room. Better visibility
This advanced oven has a generous XXL Capacity cavity and full glass door for outstanding visibility.

A natural clean with steam
Cleaning after cooking needn't be a chore. Humidity inside the oven creates steam to loosen otherwise stubborn grease and residue left on its surfaces. So you can achieve a natural clean, effortlessly.

The oven that's easier and more convenient to clean!
The moveable shelf supports make it easier than ever to give your oven a thorough clean, even in those tricky corners, in less time and with less effort.
