

Hot Air. For fast, even cooking every time

The Hot Air fan circulates the temperature evenly, creating the ideal conditions for baking. As a result, you achieve perfect results whatever you're making.

Product Benefits & Features

Multilevel Cooking. Cook more at the same time
With Multilevel Cooking, the additional heating ring ensures your dishes are perfectly cooked even when loaded with two trays at the same time.

Expect spotless with a self-cleaning oven
The Catalytic Cleaning feature prevents dirt and grease from building up in the oven. This self-cleaning technology automatically activates when the temperature reaches 250C and removes cooking residue. No scrubbing, just a spotless oven.

The Timer means you never overcook
To assure that your dishes are never overcooked, this oven boasts an electronic Timer that switches the heat off when the set time has been reached.

The Radiant Hob. Fast and efficient
The Radiant Hob is fast and easy-to-clean with ceramic zones that heat quickly and accurately for fuss-free cooking.

XXL Capacity. More room. Better visibility
This advanced oven has a generous XXL Capacity cavity and full glass door for outstanding visibility.

- Ceramic Hob
