

IKB64301XB Built-in Hob

Exact heat for impeccable results

Induction helps you master any cooking technique faster and can even boil water in under 90 seconds. The heat adjustments are so subtle that they help you produce the finest tastes and textures every time you cook.

Your perfect cooking partner

Induction helps you master any cooking technique faster. It heats quicker than other types of hobs so you can get on with your cooking straight away. Quick heat adjustments mean you can produce the finest tastes and textures when you cook.

Hob2Hood®: The hands-free hood

The Hob2Hood® function connects the hob and the hood. The cooker hood automatically adjusts the fan speed based on the heat, without lifting a finger. For powerful extraction when searing. And quieter extraction when simmering.

More Benefits :

- Control each zone individually with Individual Touch Controls
- The PowerBoost function reaches high temperatures extra fast
- Cooking zones are automatically deactivated when the hob timer elapses.
