

Every corner cool. Less food waste*

The 8000 Cooling 360° Fridge Freezer protects food, with 30% better temperature distribution on every shelf. Multiple air channels deliver consistent cooling and stainless steel creates an elegant and premium look for your kitchen.

The 8000 Cooling 360° Fridge Freezer protects food, with 30% better temperature distribution on every shelf. Experience full flexibility with a full convertible freezer compartment, you can set the freezer at +4°C to extend your fridge space even further.

Product Benefits & Features

Cooling 360° – protects food for less waste*

Protect the quality of food, and reduce waste, by providing stable, even temperature and humidity throughout the whole fridge. Cooling 360°, with a premium stainless steel interior, delivers 30% better temperature distribution on every shelf.

- Climate class: SN-N-ST-T
- Refrigerator shelves for storage : 3 Full Width + 1 FlexiShelf
- A+ class energy rating
- Energy Efficiency recommended
- Auto defrost fridge and freezer
- Electronic temperature controls with digital LED display
- Visible external door open indicator with audible warning alarm
- Coolmatic
- Refrigerator drawers : 2, Half width transpar. plast
- Dynamic Air Recirculation in the freezer
- Holiday setting
- A++ energy rating
- Fast freeze in 24 hours: 10 kg
- Removable egg tray
- Child proof control panel
- Built in fridge-freezer
- Reversible door hinge
- CFC & HFC-free and environmentally friendly
- Fridge capacity (gross): 197 litres
- 39 dB(A) noise level
- Precision freezing system
- Precision cooling system
- Air purifier
- Frost free
- Number of freezer drawers: 3 Full Width
- Freezer capacity (gross): 76 litres

New-era innovation. Unique fridge-freezer with recycled plastic*

A new era of cooling is here. Introducing our fridge-freezer with an inner lining made of 70% recycled plastic. Plastic from discarded refrigerators is used to make new refrigerators, helping reduce waste through circularity.

Freezer space converts to fridge. For more flexibility

The freezer compartment is fully convertible, so you can set the freezer at +4°C to extend your fridge space or keep using it at its usual temperature between -15°C and -24°C.

TwinTech® No Frost Plus. Temperature stability for more flavour

TwinTech® No Frost Plus keeps food hydrated thanks to dedicated cooling systems for fridge and freezer. Temperature stability over 4 times better than standard* and reduced energy consumption by up to 9%** ensures precise food storage.

Product Specification

PNC	925 956 013
EAN number	7332543991594
Built In Height (mm)	1894
Built In Depth (mm)	550
Built In Width (mm)	560
Height (mm)	1884
Width (mm)	546
Depth (mm)	549
Colour	White
Connected load (W)	120
Voltage (V)	230-240
Average annual energy consumption in kilowatt hour per year (kWh/a) (EU) 2017/1369	172
Climate Class (EU) 2017/1369	SN-N-ST-T
