

Reliability is built into our washer dryer

We've built durability into our washer dryers with a powerful inverter motor. You can wash and dry large loads of laundry over and over again, quickly and with less noise.

Product Benefits & Features

Minimising energy use and noise

Enjoy consistent results for longer, with the washing-dryer's inverter motor. The improved technology allows quieter cycles, so you can leave loads to wash overnight without disturbing the neighbours. And it uses less energy, too.

- 3-compartment detergent dispenser
- Aqua control and alarm
- Automatic child safety
- Very low water and electricity consumption: 0 litres/wash, 0 kWh/wash.
- (EnergyClassE20 class energy efficiency
- Freestanding washer dryer
- Humidity control senses when clothes have reached the degree of dryness required.
- 1600 RPM spin speed
- Height adjustable feet - compensating for uneven floor conditions
- A class wash performance
- 21 programmes including:
- Inverter motor
- Programmes include:
- B class spin efficiency
- Option to tailor programmes:

Save time, water and energy

Save time and reduce your energy and water consumption thanks to the AutoAdjust feature, which automatically adjusts the cycle time, water and energy, according to the size of your load.

Washed and dried in an hour

When you're short on time, clothes can be washed and dried in just one hour using this speedy cycle. And there's no manual intervention needed – just wash, dry, and wear.

Quick refresh and less creases, with steam cycle

Reduce wrinkles and refresh your favourite clothes with steam. The short, 25-minute cycle helps relax fibres, and also means there's less need for ironing. It can even be used as a shortcut for refreshing items you might have only worn for a few hours.

Quick Programme, more time for you

Wash in a flash with Quick Programmes. The speedy 20-minute cycle means you can get more done on your schedule. Ideal for late evening refreshes and week day washes.

Product Specification

PNC	914 603 720
EAN number	7332543814220
Height (mm)	847
Width (mm)	597
Depth (mm)	534
Voltage (V)	230-240
Colour	White
Net Weight	66.5
Depth max, mm	557
Drying capacity, kg	4
Energy Efficiency Class (Regulation (EU) 2017/1369)	D
Washing performance	1.04
Energy co. washing, kWh	0.725
Full load wash capacity, kg	8
